Anyone know anything about it?

Don't remember seeing any details.:unsure:

I see it there on the calendar along with the Beemers and Beers campout. Don't know anything else about it. Maybe they should combine the two events, call it Track day and Beers. On second thought, maybe not.

Well, if you go to track day and shoot adrenaline all day, then go have a few beers, you won't be bothered by other campers revelling or snoring!

After each track day I've done, I feel like I've been in a wreck the day before from being so keyed up all day.

Both events will be fun, but I can't conceive combining them.
