http://www.coloradobeemers.org/images/fbfiles/images/DSC_03751_3.JPG Hi Folks,

Most of you have known me through the years.

I am a past president and secretary.

Did the club store for awhile and designed the last two rally tee-shirts. Handled the entertainment at the TOR rally the past few years. Pete Jesson found Pink Cadillac for the headliner last year, good job.

I'll be doing entertainment again this year. If you have ideas for the bands I am happy to consider them.

At this time the sound and lights guys have not committed to the rally although they have been contemplating it for the past month.

If you know of an alternative soundman please let me know in the event the past guys can't do it.

Can't wait for better riding weather!

See ya,

Jeff Galligan
