
fade resistance of the ICON Mil Spec Safety Vest?

Posted by co_g30 - 2008/04/07 10:54

Looking for members who have either the orange or yellow version of this safety jacket made for "on base" military requirements.

Wondering how resistant they are to fading? <http://www.coloradobeemers.org/images/fbfiles/images/iconvest.jpg>

Mine has yet to show signs of fade after 3 years. Undoubtedly it will occur but will still satisfy fed requirements for military bases. MotoGear carries a competitor's version:
