GRRREAT ride May 4, from Morrison to Estes Park. Over forty folks seized the opportunity to join with friends on a perfect day to roam the front range canyons to Estes for lunch, then several other known haunts on the way back. More photos will be coming as time allows. :P

Thanks for sharing the pictures, Pete. I would have loved to been there. Instead, I spent the day re-sodding my back yard and taking the MSF Experienced Rider Course. I'm sure you guys had more fun (although the course was mildly fun and a bit educational).
