
Everyone going??!! Its Magic!

It is so refreshing to go to the MOA Rally and listen to all the great positive comments about our very own Top 'O The Rockies Rally coming up this week. Many were planning to attend, others had attended several times and promised to be back; but universally they thought it was magic to sleep in the park under the trees and sit in the shade chatting with friends.

If you've never gone, I urge you to pull out the stops and saddle up for Paonia this week. It's Magic to ride the beautiful Colorado roads you chose to get there, and to hang out with friends, listen to good music, eat great food from the vendors. (Remember the great Mexican from the Kayaking Club? and the Fabulous ribs, BBQ and brauts from several vendors?)

This is your rally. Please go and enjoy and see what the rest of the country means when they call it MAGIC!

And if the mood strikes you, stop by the Teen Center and volunteer for a two hour stint...you're guaranteed to meet some great people!

Alot of you are on your way or already there. I will be leaving on Thursday morn at the crack of dawn. So if anyone sees me on the road, I'll be in my hot pink jacket. I hope to get there in time to find a place to put up the Kelty Sun Shade. I will hang my BMW of Colorado shirt on it and it can be a "hanging" spot for the club. Pat will be coming up on Friday. See you there.

I'm here and we are setting up the Teen Center. As you can see the internet is working. We have the Club Flag set up in front of my tent, on the West side if the beer garden. What you didn't know we have a club flag?
