Greetings from your Rally Master. Many of you may wonder how one could accede to such an esteemed position? Actually it is quite easy; simply stand outside a Board of Directors meeting in Evergreen, with Miranda inside. Ten minutes later you're the Top O' the Rockies Rally Master, what could be easier!

I've been in the club two years or three Christmas parties, I joined there. Bought my first BMW an R1150GSA in October of '04, guess I finally was feed-up with the Lucas Electrics. The bike has 71k on it I ride every chance I get rain or shine, much to the chagrin of Dianne. I love riding off road, former District 36 MX'er, it was the knobbies that sold me on the bike.

Hope to see you at the Rally;

Ken
